Development

HTML5, CSS3, Tailwind CSS, JavaScript, TypeScript, ReactJS, NodeJS, NextJS

Database

MongoDB

Version Control

Git, GitHub

Other Skills

RESTful APIs, Axios, Fetch API, Postman, Socket.io, WebRTC, JWT, OAuth

PROJECTS

E-Commerce Website

🔗 https://ecommerce-website-rho-lake.vercel.app/

Fully responsive e-commerce platform with advanced product features and dynamic animation

- Developed a modern, fully responsive e-commerce interface with product listings, filtering, search, add-to-cart, wishlist, and user authentication features.
- Designed using React, TypeScript, and Tailwind CSS, with state management via Redux Toolkit/Context API.
- Enhanced the user experience with advanced animations using Framer Motion and GSAP.

Real-Time Chat Application

🔗 https://chatapplication-rzg4.onrender.com/

An efficient real-time messaging platform with instant updates, custom usernames, and multi-user chat

- Real-time messaging powered by Socket.io for instant updates.
- Supports custom usernames and simultaneous multi-user chats.
- Clean, responsive UI implemented with HTML, CSS, JavaScript, Node.js, and Express.

E-Library Management System

🔗 https://github.com/rahulpatel51/E--Library-Management-System

Developed a robust online library platform featuring secure authentication.

- Developed a comprehensive online library platform with features including user authentication, book management, a borrowing system, admin and user dashboards, and advanced search functionality.
- Utilized a modern tech stack comprising HTML, CSS, JavaScript, Node.js, Express, and MongoDB.
- Implemented secure access control using JWT-based authentication to ensure data integrity and user protection.

EDUCATION

Bachelor of Computer Application (B.C.A)

Goel Group of Institutions

📅 07/2022 - Present   📍 Lucknow, India
